Heico fasteners

Heico Fasteners Inc. has added its most decorative, unusual and innovative designs to its extensive line of fasteners. A variety of new styles of back attachments also has been added to make any application possible. In addition to upholstery applications, Heico works with pillow, handbag, cabinet and apparel industries to provide designers the look they desire.

Wallpaper alternative

Graham & Brown, the U.K.-based wallcovering and home décor company, created a new line of fabric art as an alternative to wallpaper. The silk, faux-suede and linen printed fabrics come stretched on wooden frames and are ready to hang.

Makita nailer

Makita's 18-gauge, two-inch Brad Nailer kit has a "tool-less" depth adjustment to drive brads to the precise level, and an improved nose piece and flank-mounted bumpers to protect work surfaces from damage. A spring-loaded magazine accommodates a range of 18-gauge nails, from 5/8 inch to 2 inches. Other features include a nail reload indicator window, a quick-release cam lock and a multi-directional exhaust port to direct exhaust air away from work. The kit comes with the nailer, oil supply, safety goggles, nose adapter and case.
